Subject: Students who need to consult the school nurse

To all the students 14 years old and older who need to consult the school nurse:

If you need to consult the school nurse for:

- Sexually transmitted infections screening or symptom evaluation
- Emergency birth control
- Birth control
- Depo-Provera injection
- Pregnancy test

You can call the youth clinic nurses to be evaluated by phone. If deemed necessary, an in-person appointment will be given at the CLSC Ste-Catherine.

You can call us Monday-Friday from 9h00-16h30:
